

Configuring Publishers, Subscribers and Topics

Vitthal Srinivasan

CO-FOUNDER, LOONYCORN

www.loonycorn.com

Overview

Publishers publish to topics

Subscribers listen on subscriptions

Topics and subscriptions are GCP resources

Push and pull subscriptions

Seek to timestamp and snapshots

Demo

Enabling the Pub/Sub API

**Create topics and subscriptions using
the web console**

Demo

**Use Pub/Sub using gcloud on the
command line**

Demo

**Create snapshots and seek to snapshots
on Pub/Sub subscriptions**

Demo

Retain messages and seek to timestamp

Demo

Using Pub/Sub with a push subscription

Demo

**Monitoring Pub/Sub resources using
Stackdriver**

Summary

Publishers publish to topics

Subscribers listen on subscriptions

Topics and subscriptions are GCP resources

Push and pull subscriptions

Seek to timestamp and snapshots
